5. *National Federation2014 pre Meet Notes* – see web site <http://www.mstca.org/CMTFOA>

6. *Track & Field Situations* – Chris Woods passed out a handout regarding socks with Superman capes. These are deemed illegal due to safety reason.

7. *Clinic* – Chris Woods passed out a handout with several rules questions regarding rules and 2 vertical jumps sheets for members to “score”. Group reviewed these situations and the scoring of the high jump & pole vault examples Chris gave. Excellent discussion on these. Interesting to hear real situation we have encounter over the year regarding people not knowing the rules...ex...HJ get off the mat before the bar falls off(this rule has been gone over 25 years ago), breaking ties using total attempts(this rule has been gone at least 15 years). Chris reminded us all that we should review the rules for our events before we report to meets.

8. *Other:* -NFHS site for concussion test...one on pole vault is coming

9. Next Meeting – **Thursday, October 9th, 7:00 P.M., Shrewsbury High School**
